Unattended Payment Readers

Our Unattended Payment Readers are built to accommodate a host of payment options, including Game Cards. Maximize usage at your amusement facility by offering customers one of our modern and intuitive solutions.

Add an extra touch, by upgrading our readers with an LED light for an enhanced user experience.

Power Up Stations + Reader

Our Power Up Stations allow customers to purchase game cards, recharge them, and check balances. Game Cards can be used to start the machines with any of our readers (e.g. Prime Connect Select). Our best-selling AVU Touch 21" kiosk offers dual bill acceptors and dual card dispensers. It also comes with a QR code scanner that allows you to offer prepaid packages. Add it to your amusement facility to boost your revenue.

All-in-One POS System

Elevate your amusement business with our ultimate Point-of-Sale system. Merging amusement readers with personalized customer service, KioPOS is a great addition to your connected payment ecosystem. Manage attended transactions seamlessly with any type of payment.

SCOREBOARD

The SCOREBOARD back-end management system streamlines operations with web-based configuration, reporting, and equipment management, boosting overall productivity. Additionally, loyalty programs can be set up at a location level. Manage your all your facilities with our powerful back-end tool.

KEY FEATURES

E-Tickets

With our advanced readers, collecting e-Tickets is effortless for customers. Say goodbye to handling coins, tokens and printed tickets.

Prize Redemption

Operators can efficiently handle up to 8 attended prize redemption carts simultaneously. With KioPOS, you can allow customers to combine, transfer, and redeem tickets for prizes. Alternatively, customers can use Prize Hub to redeem their tickets.

Loyalty Program & Discounting

Operators can increase retention at their facility with the ability to offer unique loyalty programs and discounts. With our loyalty programs, operators can offer points to dedicated customers. Offer discounts through special pricing, corporate buy-outs, and incentives for card purchase.
